# PEWTER LIVE

## Open Category Brief 2017

Pewter Live's mission is to encourage innovation in design in order to exploit pewter to its fullest potential and produce ideas that will stretch the boundaries of this marvellous material. The object is to bring pewter alive; to demonstrate an understanding of its inherent qualities and its appeal and relevance to contemporary consumers of all ages and tastes.

**Design Brief:** The challenge is to produce an object or range of objects that would compliment a contemporary lifestyle made of mixed materials, with at least 50% being constructed of pewter. The other media might be glass, wood, plastic, horn, leather, fabric, another metal, stone or perhaps, paper, or a combination of these materials and other materials not mentioned. The object could be for a domestic or office environment, it could be for personal adornment either as a fashion accessory or jewellery, possibly a piece of furniture. The use might be for marine, architectural, horticultural or even agricultural, the choice is yours.

The judges will consider the quality, originality, suitability for purpose and marketability of the submission. Consideration will also be given to the possibility of large-scale production rather than a one off.

### **1st prize £1,000 to be awarded at the judges discretion**
